

## Transportation options to/from Spirit to Sky Harbor Phoenix Airport – or - Gateway Mesa Airport

Spirit in the Desert does not have a transportation system. If you are flying in and not renting a car, we have some selections for transport to/from the airports that our guests have used. Be advised that there are up-charges from Gateway Mesa Airport—Allegiant Airlines—to the center; and not all carriers pick-up at the Gateway Mesa Airport.

All of these carriers are licensed and bonded. You can book online or by phone and they take all credit cards.

***Always remember to confirm any online reservation by phone and email!***

### **UBER    <https://get.uber.com>**

### **LYFT    <https://www.lyft.com/cities/phoenix-az>**

Uber and Lyft are very reasonable and on-time. You need to register online and then follow through. Allow about 15 minutes at the airport for it to arrive for last-minute calls. Our experience so far with reservations is on time--always confirm if you do this in advance. Fees do range, but they are usually much less than a cab. **Note: Uber & Lyft can be blocked by many major airports.**

**RENTAL CARS:** Phoenix Sky Harbor airport has every rental car company available. At Gateway-Mesa Airport, the current companies available are: National, Alamo, and Enterprise. This airport is 1-1/2 hours from our center and that is on a good day with little traffic. Also, Allegiant Airlines is subject to a lot of changes and cancellations.

Make sure to reserve early Nov – April is very busy and economy cars go very quickly. If you want to rent a car for a day or two in Carefree, Enterprise has a local office and a good deal. Call their local number which is (480) 575-6527. They'll pick you up/drop off car at our center—good folks!
